Intranet Home Template

Welcome! Use this template to start building the home page for your intranet site.

Ready to add content? Click a link to add a new item, or use the portlet palette in the toolbar to add a portlet to a page.

Latest News

The news section of your site can become a trusted source of information for employees. Provide a list of links to the latest news for your company.

Announcements

Get the latest information to your employees by posting announcements.

Employee Achievements

Showcase the latest employee achievements. Examples can include promotions and educational accomplishments, or acts of employee participation within the community.

Company Milestones

Has your company released a new product or reached financial milestone? Post announcements that celebrate your company's progress.

Events

Post upcoming events such as conferences and meetings.

Team Building

Highlight events that are meant to improve team productivity.

Be Healthy...For Life

Provide information about company or community events that are designed to improve team productivity.

In The Community

Post happenings within the community that can benefit employees.
